Rural Employment Portal

Rural employment system is primarily a social welfare program of the Government of India. Majority of the poor in rural areas of the country depend mainly on the wages they earn through unskilled labor. They seeks to enhance the lively hood security of the households in rural areas of the country by providing at least 100 days of guaranteed wage employment in every financial year to every household whose adult members volunteer to do unskilled manual work. It has to undertake regular review, monitoring and evaluation of processes and outcomes.

The project includes mainly four modules, they are,

1. Administrator

The administrator is the overall controller of the system. The admin can manage the other modules directly or indirectly. Administrator is the authorized person who is concerned with Panchayath Office, Workers employee. The duties of admin are,

- View new user request
- Add and view panchayath details
- Add and view new work details
- View work request
- View feedback
- Sending message to different users
